Honorable Members of the  
Brazoria County Bar Association

RE: Issues Concerning Gray Top Test Tubes Used for Forensic Blood Collection

This letter is sent as a follow up to my notification sent June 26, 2019, concerning the Amended Medical Device Recall from BD Corporation regarding gray top test tubes for forensic blood collection. Please be advised the Brazoria County Sheriff's Office Crime Laboratory conducted a review of the forensic blood samples submitted to the lab from August 31, 2018 on and there are 16 cases with blood tubes from the affected lot with an additional 3 cases unable to be determined as to which lot. Appropriate notifications will be sent in each of the aforementioned cases. We are fortunate to have this small amount of cases and expect no significant impact as a result of the recall. Individual notifications are being sent to each Bar Association member.

Sincerely,

A handwritten signature in blue ink that reads "Jeri Yenne".
